Once revised, the Board will be asked for approval.

5. **Population Health Update**

   Dr. Wyers reported that Jodi Gearhart, Health Educator has also been given the role as Public Information Officer.

   Four part-time contact tracers have been hired. Their salaries are funded by the $99,000.00 grant we received from the Ohio Department of Health. They are being onboarded this week and transitioning into their new roles. In addition, a part-time Public Health Technician has been hired. He will work 24 hours per week with 16 hours in Population Health and 8 hours per week in Environmental Health until the end of August.

   Carol Straniero has been promoted to Nursing Supervisor and will oversee the contact tracers and public health nurses.

   The staff are meeting with resistance from the people who are asked to isolate or quarantine. Some people do not want to abide by the isolation or quarantine orders or give information. It has been a challenge dealing with this problem.

7. **Health Commissioner Update**

He stated that we will know over the next few weeks if the number of cases in the State and within the county increase due to businesses opening back up. The current trend of positive cases is toward younger people.

The guidance of the State is everchanging. The superintendents from Lake, Geauga & Ashtabula County are working together to meet those guidelines to keep the children safe and re-opening the schools. Mr. Quade has been working closely with school superintendents in Geauga County with their plans for re-opening. He stated that one of the biggest challenges is transportation.

   The Budget Commission expressed that they have been very pleased with the Geauga Public Health budget for the past two years.

   b. Amend Bamboo HR motion from May 27, 2020

   Mr. Quade explained that after receiving a demonstration from Bamboo HR, there were other parts of the program that would be very helpful. The Board was asked to amend the motion from the May 27, 2020 meeting to reflect the new cost of the program.

   **Mr. Gragg moved 6.24.20-a to amend motion 5.27.20-c to reflect the change of the not to exceed amount of $7,000.00 to $12,000.00 for the period of June 1, 2020 to December 31, 2021. Mrs. Whitright seconded the motion. Motion carried.**

9. New Business
   a. Supplemental Appropriations and Revenue Certifications

   Mrs. Johnson explained that the changes are needed because of several factors. We are at the half-way point of the year and this is the point where we look at the current year budget to assure we have funds in place to make it through the end of the year and to account for extra revenue we have been receiving for Covid. Another reason is because of 2020 having 27 pays instead of 26 pays. The 2020 budget needs to be adjusted for salaries and fringes for the extra payroll.

   **Mr. Piraino moved 6.24.20-b to approve the Supplemental Appropriations and Revenue Certifications as presented and approved by the Health Commissioner. Ms. Roman seconded the motion. Motion carried.**

   b. Cash Transfers

   Mrs. Johnson explained that the Cash Transfers move funds from the Board of Health fund to Alcohol, Tobacco and Other Drugs, Injury Prevention and Population Health funds.
