December 9, 2021

Jennifer Williams-Reid, MD
Interim Health Commissioner
Geauga Public Health
470 Center Street, Building 8
Chardon, Ohio 44024

Dear Dr. Williams-Reid:

On behalf of the Centers for Disease Control and Prevention (CDC), we are pleased to congratulate the Geauga Public Health on its accreditation by the Public Health Accreditation Board (PHAB).

Your national accreditation status lets your partners and community know that your organization meets national standards and provides services that all residents should come to expect from their health departments. Moreover, because the national accreditation program seeks to improve the quality and performance of all health departments, your participation in this program indicates your commitment to the continuous improvement of your health department's services.

Your accreditation from PHAB is an impressive achievement. CDC recognizes the time and effort that leaders and staff members from all levels of your health department have dedicated to this effort. We commend Geauga Public Health for this achievement.

Sincerely,

A handwritten signature in black ink, appearing to read "Rochelle P. Walensky".

Rochelle P. Walensky, MD, MPH
