Geauga Public Health

# CMH Program

CMH may be able to provide services to help diagnose or treat your child's chronic health problem!

**Funded by the Ohio Department of  
Health CMH Program**

# What is the CMH Program?

Children with Medical Handicaps is a health care program in the Department of Health that provides services to children with special health care needs.

These needs may include:

- surgery
- days in the hospital
- prescription drugs
- special equipment and supplies
- therapies
- hearing aids
- special formula

and other services related to your child's diagnosis.

## What is the question?

Does my child need ear tubes?

Does my teenager have scoliosis?

Who can help cover the cost of medical supplies for my child with diabetes?

How can I find a doctor for my child that specializes in treating epilepsy?

My health insurance won't cover the cost of my child's hearing aids. Can someone help?

Is there a doctor in the area who can fix my child's crossed eyes?

Geauga Public Health
