Re: 2022 Plumbing Registration

1. **To schedule a plumbing inspection, you must call 440-279-1920 between 8:00AM and 9:30AM the day that you want the inspection. No voicemail inspections will be accepted, so if you get my voicemail, please call me back in 5 minutes.**
2. An **isometric drawing must** be submitted with each plumbing application.
3. Once the permit is issued, the yellow plumbing permit placard must be posted within 20 feet of the roadway before an inspection will be made. **The correct address (not subplot number) must be visible before an inspection will be made.**
4. Before a plumbing inspection will be made, buildings must have proper stairs or an OSHA approved ladder in place according to OSHA regulations.
5. Chapters 4101:3-1 to 4101:3-15 of the O.A.C. will be enforced.
6. When water tests are performed, the plumber will run the water over the roof, or leave the last joint under the roof with an OSHA approved ladder so water test can be seen. Vacuum and water test only. No air test allowed, vacuum test to – 2 Hg gauge.
7. All garage and floor drains must be SCH-40 plumbing material, be inspected, properly trapped, and installed by persons registered as plumbing contractors. No other workmen will be qualified to do plumbing and no floor drains to sewage tanks.
8. No plastic strapping. Only metal band iron or H.D.J. hangers are to be used for support.
9. All hot water tanks must be operating for final inspection.
10. Permits are needed for hot water tank replacements.
11. ALL RED TAG FEES (\$75.00) MUST BE PAID WITHIN TEN (10) DAYS. THERE WILL BE NO FURTHER APPLICATIONS PROCESSED OR INSPECTIONS MADE UNTIL PAYMENT IS MADE. THE PERSON LISTED ON THE BOTTOM OF THE PERMIT IS RESPONSIBLE FOR PAYING FEES INCURRED. THE PERMIT IS FOR THREE (3) INSPECTIONS. MORE THAN THREE INSPECTIONS WILL INCUR AN ADDITIONAL CHARGE PER INSPECTION.
