INVITATION TO BID

The Invitation To Bid is incorporated by reference in these Instructions.

RELATED LAWS, REGULATIONS

It is expected that bidders on County construction are familiar with applicable local, State and Federal laws, ordinances and regulations. Consequently, only special State or Federal agency regulations, if any, are included in the specifications.

OHIO SALES TAX

The County is exempt from the payment of the Ohio Sales and Use Tax. Consequently, the cost of such is not to be included in the proposal.

PERMITS, FEES

The Contractor shall obtain and pay for all permits, fees and licenses necessary for the performance of his work on the project, and the cost of such may be included in the proposal.

SUBCONTRACTORS

Subcontractors at any tier are required to comply with the County's Insurance Specifications which, unless stated differently, are the same as those required of Prime Contractors.

TIME OF COMPLETION

Contractors shall complete the Project by August 31, 2023, after receipt of notice to proceed. In those few instances when the completion date is not specified but solicited in the proposal such date shall be confirmed in the executed Construction Contract.

LIQUIDATED DAMAGES

The County will suffer additional costs if the project is not substantially completed within the time specified. As a condition to the acceptance of the Contract, each contractor and its surety shall be liable for and pay the County liquidated damages in the amount of \$500.00 for each day the Project remains in an unfinished condition beyond the Time for Completion set forth in these Instructions to Bidders. Such amount may be deducted by the County from any payment due or to become due to said Contractor. Nothing under this section shall prohibit the County from recovery of damages for delay under other provisions of the Contract documents. Punch list items must be completed within 30 days after a substantial completion acceptance, signified by a written inspection report by the County's representative, to avoid imposing liquidated damaged penalties.

The said amount is fixed because of the impracticability and extreme difficulty of determining and fixing the actual additional costs the County would in such event sustain, and said amount is agreed to be the amount of damages which the County would sustain and shall not be treated as retainage.

Time is of the essence for each and every portion of the Project and of the Specifications wherein a definite and certain length of time is fixed for the performance of any act. Where an additional time is allowed for the completion of any Work, the new time fixed by such extension shall control.

The Contractor shall not be charged with liquidated damages when the County determines the Contractor is without fault and the Contractor's reasons for the time extension are acceptable to the County, providing the Contractor shall, within ten (10) days from the beginning of such delay, notify the County, in writing, of the causes of delay.

All such extensions of time shall be by fully executed Change Orders.

UNIT PRICES

When unit prices are requested, the following applies:

The unit prices specified in the unit price bid column will govern the award of the contract. The bidder shall make the calculations in the total amount bid column and also add up the total. However, the unit price specified together with the approximate quantities shall determine the total amount of the bid. If there is an error made in the extensions by the bidder the total shall be changed as only the unit prices shall govern.

ADDENDUM

Any interpretation, correction or change in the plans and specifications will be made by addendum. When an addendum is required, GPH will forward it to those who earlier obtained a complete set of plans and specifications, 1) by certified mail, return receipt requested, or 2) by personal delivery, obtaining a signed receipt for same. No addendum will be issued to bidders having incomplete sets of plans and specifications.

PROPOSAL FORM

The proposal form included in the Specifications shall be used by all bidders. All blanks on the form shall be stated in both words and figures, and in the event of any discrepancy between the two, the amount written in words shall govern. Any interlineations, alteration or erasure shall be initialed by the signer of the proposal.

If applicable unit prices are contained in the contract (established as a result of either a unit price or a Supplemental Schedule of Unit Prices submitted with a lump sum bid) the Local Public Agency shall order the contractor to proceed with the desired changes in the work, value of such changes to be determined by the measured quantities involved and the applicable unit prices specified in the contract; provided that in case of a unit price contract the net value of all changes does not increase or decrease the original total amount shown in the contract by more than 25 percent. When extra work items are not stipulated in the Approximate Quantities or compensation covered under unit prices, the amount to be paid for extra or additional work shall be agreed upon by both Contractor and the Local Public Agency.

d))Each change in the work shall be documented by an executed change order, which shall include:

1. A detailed description of the change in the work.
2. A definite statement as to the resulting change in the contract price and/or time.

7. CLAIMS FOR EXTRA COST

a) If the contractor claims that any instructions involve extra cost or extension of time, he shall, within ten (10) days after receipt of such instructions, and in any event before proceeding to execute the work, submit his protest thereto in writing to the Local Public Agency, stating clearly and in detail the basis of his objections. No such claims will be considered unless so made.

b) Any discrepancies which may be discovered between actual conditions shall at once be reported to the Local Public Agency and work will not proceed, except at the contractor's risk, until written instructions have been received by him from the Local Public Agency.

c) If, on the basis of available evidence, the Local Public Agency determines that an adjustment of the contract price and/or time is justifiable, then the procedure shall be as provided for as found in CHANGES IN THE WORK.

8. TERMINATION, DELAYS, AND LIQUIDATED DAMAGES

a) Termination of Contract

If the contractor refuses or fails to carry out the work with such diligence as will ensure its completion within the time specified in these contract documents, plus any extension therefrom as provided in these contract documents, the Local Public Agency, by written notice to the contractor, may terminate the contractor's right to proceed with the work. Upon such termination, the Local Public Agency may take over the work and carry out the same to completion, by contract or otherwise, and the contractor and his sureties shall be liable to the Local Public Agency in its completion of the work as provided below. If the contractor's right to proceed is terminated, the Local Public Agency may take possession of and utilize in completing the work such materials, tools, equipment, and plant as may be on the site of the work and necessary therefore.

b) Liquidating Damages for Delays

If the work is not completed within the time stipulated in the NOTICE TO PROCEED, including any extensions of time for excusable delays as herein provided or reduction in the time due to omission of part of the work, the contractor shall pay to the Local Public

Agency as fixed agreed and liquidated damages (it being impossible to determine the actual damages occasioned by the delay) for each calendar day of delay until the work is completed, the amount of five hundred dollars (\$500) per day and the contractor and his sureties shall be liable to the Local Public Agency for the amount thereof.

c) Excusable Delays

The right of the contractor to proceed shall not be terminated nor shall the contractor be charged with liquidated damages for any delays in the completed work due:

2. To any acts of the Local Public Agency.

Provided however, that the contractor promptly (within ten (10) days) notifies the Local Public Agency, in writing, of the causes of delay. Upon receipt of such notification, the Local Public Agency shall ascertain the facts concerning the cause of the delay and the extent to which completion of the project as a whole has been delayed. If the facts show the delay to be properly excusable under the terms of the contract, the Local Public Agency shall extend the contract time by a period commensurate with the period of excusable delay.

- a) All disputes arising under this contract or its interpretations, except those disputes of claims covered by the U.S. Department of Labor for federal and federally assisted projects whether involving law or fact or both, or extra work, and all claims for alleged breach of contract shall, within ten (10) days of commencement of the dispute, be presented by the contractor to the Local Public Agency for decision.
